

EDMARKET CERTIFIED
LEARNING PLACE SPECIALIST

P O W E R E D B Y E D M A R K E T

For generations, it was believed that a good teacher could teach in any space. Over the years both data and science have proven the design of educational spaces do matter. Space becomes a “tool” for educators and students. This 10-month course is an action-packed one connecting a cohort of diverse learners from architects, designers, facility planners, industry partners, and forward-thinking designers. It features renowned guest instructors representing these multi-disciplines while providing CEU accreditation. At the cost of attending one conference, you’ll earn an ECLPS credential; with a meaningful, actionable knowledge gained.

THE ECLPS DIFFERENCE

ECLPS Certification program elevates the learning experience of school districts and industry professionals tasked with planning, managing, and designing learning environments of the future. It is a value-add to the individual and to the learning institution ensuring that participants have a deep knowledge of this complex ecosystem.

3 Levels / 10 Months / 32 Courses / 32 AIA Accredited CEU's or as PDU's / Hybrid
Bi-Monthly “Live” Sessions / HY-flex Competency-based Assessments
